A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desireable advertising medium.

YOUR GASOLINE DOLLAR!

How far does it roll?

It is a fact than on every dollar spent on sluggish gasoline 30 cents of it never turns a wheel. This has been proven by tests made at the Bureau of Mines at Pittsburgh and the Bureau of Standards at Washington.

Here is where that 30 cents of your gasoline dollar goes when you buy sluggish gasoline:

One share is wasted "warming up" when the motor spits and coughs on cool mornings and evenings. With Tydol which ***vaporizes fast*** you stop waste.

Another share blows out of your exhaust as raw fuel and never does a stroke of work. With Tydol which ***vaporizes fast*** you stop this waste.

TYDOL

ECONOMY GASOLINE

Still another share trickles past the piston rings, cuts the precious lubricating film from your cylinder walls and thins out your crankcase oil. With Tydol which ***burns clean*** you stop this waste.

A fourth share settles in the form of carbon on your piston heads and valves and robs your car of power. With Tydol which ***burns carbon-less*** you stop this waste.

That's why with Tydol your motor has new power and pick-up. That's why with Tydol you can run on a lean, economical mixture. That's why with Tydol you generally find an extra gallon or two left in the tank after a long run.

Others have tried to imitate Tydol—they are still trying. Look for the Tydol Globe and you are sure of getting Tydol. You are sure of getting a full dollar's worth of mileage and power for every gasoline dollar. Fill up with Tydol today!

GREASES

Three Good Reasons Why You Need Neasco

A Powerful Motor—Neasco motor oil forms a perfect power seal between each piston and cylinder wall. Even under the inferno of heat let loose with each explosion, Neasco holds tight. Power cannot escape, so Power goes to work and drives your car with new vigor.

A Protected Motor—Neasco's lubricating film cushions the costly metal of your motor from the incessant attacks of friction. And friction is the direct cause of costly repair bills.

An Economical Motor—Neasco saves as it serves. A powerful protected motor is an economical motor. You buy less gasoline and oil, and the big repair bills that might have happened never come due.

Insist on genuine Neasco, the Pennsylvania Base Oil. It is especially refined under the exclusive process to resist deadly heat and friction, and it does.

Service and quality to the car owner is our guarantee.

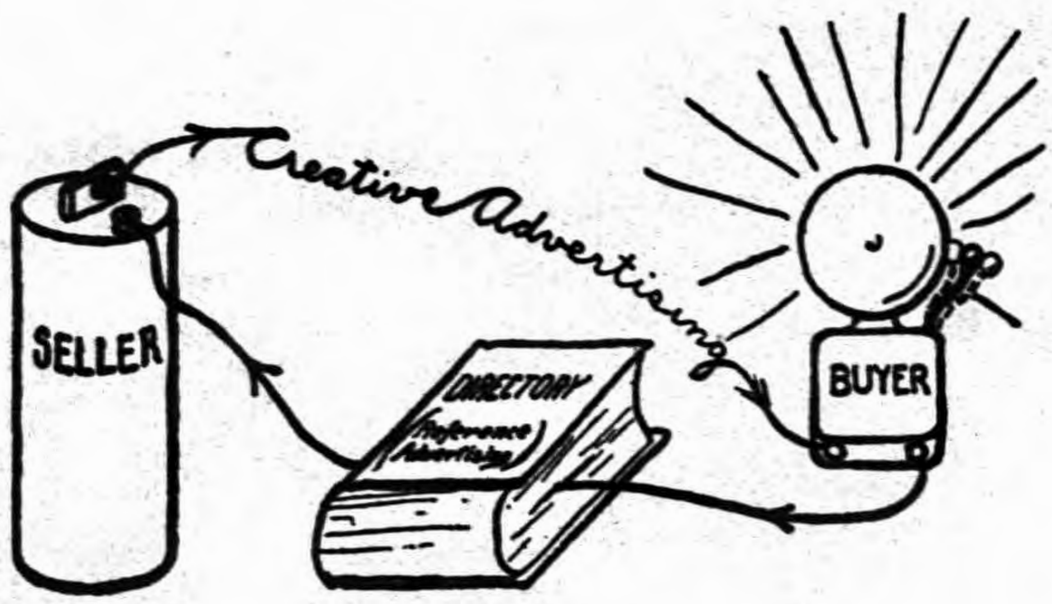
The Return Circuit in Advertising



The circuit must be completed before the bell will ring
The buyer must find the Seller before a Sale is made

Creative Advertising,—in newspapers, magazines, billboards, etc. tends to suggest wants and to create desire

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyer's to find *You?*

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desireable advertising medium.

THE BANK FOR YOUR SAVINGS

The Troy Savings Bank—a bank of proved strength—is the ideal depository for your funds.

It has been the guardian of the peoples' savings for nearly a century and is a purely mutual institution conducted solely in the interests of depositors.

Thousands of men and women have accumulated substantial accounts by regularly depositing a fixed portion—sometimes a very small amount—of their earnings every week or month; what others have done you also can do

BOARD APPRAISALS STAND THE TEST

Troy Real Estate Board, Inc.

Associated with The State and The National Real Estate Boards the Members of which are called

"REALTORS"

THE NAME "REALTOR" IS A PLEDGE

of fair dealing. A Realtor is bound by a code of ethics that forbids sharp practice; if a realtor is found guilty of such practice he is expelled from membership in the local, state and national boards.

GO TO A MEMBER OF THE TROY REAL ESTATE BOARD,—a realtor,—when you wish to buy or sell property or wish to loan or borrow money on real estate. Appraising property is a specialty of The Troy Real Estate Board.

A property owner by listing his property with The Troy Real Estate Board, Inc., secures the active selling service of the entire board, yet he deals only with that Member of the Board with whom he lists his property; in case of a sale he pays only one commission and he pays to the Realtor with whom he lists his property.

A Member of the Board upon securing a listing immediately sends a copy of the listing to the other members of the Board who at once endeavor to sell the property.

COHOES POWER & LIGHT CORPORATION

General Office, North Mohawk Street
Sales Room, 68 Remsen Street

This Company owns the entire water power of the Mohawk River, embracing the celebrated Cohoes Falls, near which they have recently erected a hydro-electric generating station of 40,000 H. P. capacity, to supply power consumers in the surrounding territory.

It also operates a gas plant, supplying gas to the City of Cohoes and North Side Waterford, for which the city is well piped.

Electric lines for power and light cover the city and North Side Waterford, Colonie, Halfmoon and Crescent. Consumers' rates are low and favorable contracts are made for power. The Company is progressive and offers favorable inducements to parties desiring to locate.

See our BOARD OF TRADE page inside of back cover of this book, and get an idea of our HYDRO ELECTRIC PLANT, its RESOURCES, and the Cohoes Falls.
